- I. Approval of January 16 Minutes
- II. Curricular Proposals

School of Communication

Delete Program

Public Relations-Undergraduate Certificate

Certificate deletion reflects the merger of the departments of Communication, Media, Journalism, and Film. The certificate was seen as decreasing majors in Public Relations.

School of the Arts

Department of Theatre and Dance

Change Course

THE515 Theatre for Social Change

This capstone course is one that should let BA/BS Theatre students create an original piece based on their experiences of community interactions that need to change. This could mean interviewing subjects within the MSU community itself or other larger community settings. For example, their current project topic is The Abuse of Power. Their final performance of this piece occurs on the final day of classes and runs 60 minutes with 15 minutes left for talkback Q&A. Since other programs in the department use their final solo/duet performance productions as their PAIE, we are simply following protocol established by other programs in our department. Since we have now changed THE 323 to a Devised Theatre Performance course as the pre-requisite for THE 515, it follows that THE 515 should be the final devised performance production for the BA/BS programs.

Department of Music

Change Program

Music

Currently, the catalog only allows BA and BS students to add a Music minor- students in other degree programs must be approved individually. Expanding the list will streamline the process and potentially increase interest in the Music minor.

School of Humanities and Social Sciences

Department of Languages, Cultures and Religions

Change Program

Mental Health and Spirituality-Undergraduate Certificate

The previous restrictions on a maximum of 9 hours with the same course code or in the same department was designed to ensure that certificate students would take courses in PSY/GER and REL. Since realignment has moved GER outside of the PSY department, it has become necessary to more clearly specify that at least 6 hours of REL credits must be earned for the certificate.
